Discourse Analysis As Theory and Method

Approaching identities as constructed in and through discourse, we start by differentiating between two competing views of construction: one that moves progressively from existing "capital-D" social discourses to the domain of identity and sense of self and the other working its way up from "small-d" discursive practices to identities and sense of self as emerging in interaction. We ...

Ideology and discourse - Teun A. van Dijk

'Identity' is a central organizing feature of our social world. Across the social sciences and humanities, it is increasingly treated as something that is actively and publicly accomplished in discourse. This book defines identity in its broadest sense, in terms of how people display who they are to ...
