The tiny house movement (also known as the "small house movement") is a description for the architectural and social movement that advocates living simply in small homes. There is currently no set definition as to what constitutes as a tiny house; however, a residential structure under 500 square feet (46 m²) is generally accepted to be a tiny home. The tiny house movement promotes financial ...

I made tiny gingerbread houses that are meant to be perched on the edge of a mug of hot chocolate. I had been thinking about those sugar cubes that hook on the rim of a teacup earlier this month, and I was also thinking about 3-D cookies and how they fit together and figured it would be pretty neat to make cookies that hang on the edge of a mug. I thought I was being so brilliant but it only ...
